

Uplit Panel

 Silver
w/white cord

DESCRIPTION:

Lighting for Impact’s Uplit LED Panels are incredibly thin illuminated panels designed to project light upward from a flat surface. Place merchandise directly on top of this panel to illuminate around and through the product. Ideal for wine and liquor sections as well as cosmetic sections where products accept and reflect light — creating additional ambiance.

- Custom sizes available — up to 2' x 4'
- Easy installation on existing shelves or surfaces
- Integrates seamlessly with standard Lighting for Impact power systems
- Low profile — only 3/16" thick
- Durable surface for long-lasting use
- UL Listed
- 5 Year Warranty
